About the Journal

Focus and Scope

Pharmaceutical Journal of Indonesia (PJI) is an online journal which is published twice a year by Department of Pharmacy, Faculty of Medicine, Brawijaya University. The articles published in PJI cover the themes of Clinical and Community Pharmacy, Pharmaceutical Chemistry, Pharmaceutical Technology, and Natural Product Pharmacy/Chemistry.

Peer Review Process

In the reviewing process, there are at least two reviewers for each manuscript in the related topic. In addition, author(s) can also propose the candidate of reviewers. Judgement from the first reviewer will be main priority for editor to make decision, if there are only two reviewers. In case of three reviewers, decision will be made from at least two reviewers. Three weeks will be needed for reviewer to complete one round reviewing process.

Generally, the candidate of reviewers will be chosen based on their reputation in the international publication number and quality. Next step, The Editor send the invitation letter for each candidate of reviewer. After the candidate of reviewer informed their availabilities for reviewing process, Editor create account for each reviewer and then send manuscript by OJS.
